Diagram illustrating a light source assembly 3008. The assembly includes a light source 3012b and a lens 3012a. The light source 3012b is shown as a vertical stack of alternating shaded and unshaded rectangular segments, with a central vertical line indicating an axis. The lens 3012a is a horizontal rectangular block positioned to the right of the light source. A light beam 3014a is shown originating from the light source 3012b and passing through the lens 3012a, converging to a point 3016. The light beam 3014b is shown originating from the light source 3012b and passing through the lens 3012a, diverging to a point 3016. The light source 3012b is labeled with 190, and the lens 3012a is labeled with 3012a. The light beam 3014a is labeled with 3014a, and the light beam 3014b is labeled with 3014b. The point 3016 is labeled with 3016. The entire assembly is labeled with 3008.
